

**UNILOG**  
**4th World Congress and School on Universal**  
**Rio de Janeiro, 2013**

***Workshop Logic and Metaphysics***

Schedule

**Saturday, April, 06**

- 08:30 Opening section  
Sufak Ural (University of Istanbul, Turkey)  
**On the question of “What is Logic?”**
- 09:30 Dimitar Vakarelov (Sofia University "St. Kliment Ohridski")  
**Point-Free Formalizations of Whitehead’s Metaphysics of Space and Time**
- 10:00 Stathis Livadas (non-affiliated research scholar - Patras, Greece)  
**The Metaphysical Source of Logic by way of Phenomenology**
- 10:30 Coffee Break
- 11:00 James Davies (University of Toronto)  
**Explanatory Indispensability and Ontological Commitment**
- 11:30 Sun Demirli (Bosphorus University)  
**Two Leibnizian Theses, the Bundle Theory and the Plural Predication**
- 12:00 Roderick Batchelor (University of São Paulo)  
**The Problem of Relations**
- 12:30 Lunch**
- 14:00 Bruno Bentzen (Federal University of Pernambuco, Brazil)  
**What is not Frege’s Julius Caesar Problem?**
- 14:30 Guillaume Massas (ENS – Université Paris I)  
**Future Contingents: Łukasiewicz vindicated? Modal logic versus partial logic approaches**
- 15:00 Janine Reinert (University of Tilburg)  
**Artifacts of Unbelievability: How the truth of belief ascriptions implies truth in Modal Realism**
- 15:30 Coffee Break
- 16:00 Adam Murray (University of Toronto)  
**Relativized Essentialism and the Simplest Quantified Modal Logic**
- 16:30 Pedro Alonso Amaral Falcão (University of São Paulo)  
**Aspects of the theory of modal functions**
